

## DOS ALAS ROJAS 2020

### High Altitude Vineyard

*Moradillo de Roa 985 mt.*

## SINGLE VINEYARD

Moradillo de Roa es una de las zonas más altas de la Ribera del Duero. En particular, este viñedo se ubica a 985 metros sobre el nivel del mar, en una climatología extrema. La altura ayuda a mitigar los veranos cálidos de la zona, y la amplitud térmica da perfiles frescos y de aromática intensa.

Soils of limestone sands and gravel. These stones of fluvial and glacial origin together with the extreme climate generate wines with aromatic concentration and elegant tannic expression.

Single vineyard of 1 hectare of which only 1,500 bottles are produced.

## DOS ALAS ROJAS 2020 HIGH ALTITUDE VINEYARD

### Composition

100% Tempranillo

Moradillo de Roa: Plot in a plateau at 985 meters above sea level, composed of sand and limestone, with a stony surface. It provides greater tannic structure and aromatic intensity.

### Harvest 2020

The 2020 vintage was moderately ripe, offering wines with elegant tannins and frank aromatics. The summer was warm but not extreme, with rainfall prior to harvest. Harvested on September 30  
Excellent health and average yields.

### Winemaking

Vmanual endimia, selection of clusters in the field.  
Destemming and fermentation in 500-liter barrels.  
Spontaneous fermentation (native yeasts).  
Malolactic fermentation in barrels  
Aged for 22 months in used 500-liter barrels.  
plus 2 months in stainless steel tanks prior to bottling.  
Bottled without fining or filtering.

### Composition

Varietal: 100% Tempranillo

Alcohol: 15% vol.
